## St. Agnes Accepts Land Offer Of Town Meeting

### Authority Pays \$6,000 To Town

Town Manager Edward C. Monahan this week extended the town's congratulations to the Arlington Housing Authority for making the maximum payment possible, in lieu of taxes, for the seventh consecutive year.

By law, Housing Authorities do not pay taxes but may make a payment in lieu of them. A maximum figure is set by the State.

#### MEETING CANCELLED

There will be no Golden Age Club meeting this afternoon because of the storm.

The offer of sale of the land at Summer and Mystic street for a parochial high school was formally accepted by the Catholic church Jan. 10.

The land offer was voted at a special Town Meeting last winter.

In accord with the Town Meeting vote, the Selectmen officially offered the land last Monday.

Msgr. Oscar R. O'Gorman, pastor of St. Agnes church, accepted for Archbishop Cushing.

The church did not have to accept the offer for one more year but accepted it quickly.

The Town Counsel has been authorized to draw up the necessary documents for the sale.

ELKS TESTIMONIAL TO FOOTBALL TEAM — Members of the Arlington high school football team were feted by the Arlington Lodge of Elks Saturday. Captain Dick Patterson (sixth from left) was awarded the Most Valuable Player trophy. All seniors were also given trophies. Shown here (left to right) are seniors George Limerick, Gene Courtney, Jim Gough, Mike DeCaprio, Charlie Piggott, Patterson, Gus Mazzocca, Dick Femia, Bob Fuller, Bill Barry and Pete Staffon (obscured).

### Citizens To Register At Branch Libraries

The Board of Registrars met Tuesday night to discuss the registration of voters for the Town Election and announced an innovation in registration places.

Rather than open two big schools (the Locke and Crosby), residents may register at the Dallin Branch Library in the Heights or at the East Arlington Branch Library on Monday evening, Jan. 28.

Other locations for registrations and their dates are the Cutter School and Junior High East, Jan. 31; the Peirce school and Park Circle Fire Station, Feb. 5; and Highland Fire Station and the Hardy School, Feb. 7.

Town Clerk James J. Golden pointed out that any resident may register at the Town Hall daily from 9 a.m. to 5 p.m. or from 9 a.m. to 10 p.m. on Tuesday, Feb. 12.

### Absentees Table Open Meetings Of School Board

Because three members of the school committee were absent from the meeting Tuesday night, the matter of open school committee meetings was tabled until next month.

Clifford R. Hall, superintendent of schools, said that Mrs. Mary Boyd, M. Norcross Stratton and John Morine were unable to attend.

Rev. George Pennington, pastor of the Universalist church, spoke to the Committee on the matter of released time for religious education. This too was tabled.

The School Committee approved the Annual Report which was sent to the Board of Selectmen.

The Committee voiced approval to a letter from the

### P. H. Gilbert Named Ass't. DPW Super.

Philip H. Gilbert has passed the examination for Assistant Superintendent of Public Works in Arlington and has now been officially given the title.

Gilbert has been functioning in the position for over a year but due to legal technicalities could not take the examination until recently, Town Manager Edward C. Monahan said.

THE Selectmen this week approved a request from the U. S. Army to park a recruiting and publicity bus in Arlington Center and Arlington Heights Jan. 28, from 9:30 a.m. to 3:30 p.m. The locations approved are between the Town Hall and Library on Massachusetts ave. and between Davis rd. and Park st., in Arlington Heights.

## Emergency Measures Near As Storms, Ice Lash Town

### Petition Received For Traffic Light At Mill Street

A petition of David Buttrick, signed by many Arlington business men in the Mill st.-Massachusetts ave. area was given to the Selectmen this week requesting a change in the traffic control light at Jason st. and Massachusetts ave.

Traffic is currently controlled by a flashing red light. The business men say that traffic backs up along Mill st. and creates hazardous conditions.

They ask that a change be made to a semi-vehicle actuation system (a mat in the road changing the light as cars drive over it) with pedestrian intervals by push button.

As another solution to the problem, they suggest a switch to a regular pre-timed operation.

The Board turned the matter over to the Town Manager who referred it to the Police Chief for investigation.

Arlington, already in the throes of one of the worst winters in history, will have to take drastic emergency measures if another storm strikes here in the next few days, Town Manager Edward C. Monahan said yesterday.

As still another storm swirled into Town yesterday Monahan said that one more heavy snow would put the Town in its worst condition since 1947.

"Our backs are to the walls now," he said. "The next step will have to be the storing of snow on the sidewalks, as was done in 1947."

The Manager was referring to the impossibility of the streets.

With snow banked in the gutters from previous storms, there is barely enough room for two-way traffic on many Arlington streets. Yesterday's plowing will make matters even worse.

If snow is stored on Arlington's sidewalks, it will mean that residents will have to shovel a path from their door step to the street. Walking on the sidewalks would be almost impossible.

Yesterday's storm followed on the heels of the coldest weather here in 75 years.

Streets are covered with ice, in some places four inches thick.

Fire Chief Thomas H. Egan warned residents about fire dangers in the cold spell.

"Already one filling station has caught fire as a result of trying to thaw pipes with a blow torch," Egan said.

The Fire Chief also asked residents to shovel out snow covered hydrants. "You may be saving your own home and life by keeping hydrants clear," he said.

### East Arlington Residents Blast Service Of MTA

The MTA was under a concerted attack by Arlington residents again this week as a result of poor service during the record breaking cold wave and heavy snows.

Residents in the east end of the Town were the most vehement. These residents charged that buses passed by large groups of frozen riders, causing waits ranging from one-half hour to 45 minutes.

Two officials said that poor dispatching was one of the major reasons for the failure.

"You could see three and four buses going along the avenue bumper to bumper," one official said. "Coming down from the Heights, groups of 20 or more residents waited for the buses."

By the time, the caravan reached the Center, more people would be waiting. Thus, all buses were filled before reaching the riders in the eastern section of the Town.

The groups in the east section huddled together in sub-zero weather as buses whizzed right by them.

Town Manager Edward C. Monahan has written to General Manager Dana of the MTA.

Frank Nickasay, executive secretary to the Board of Selectmen said that the Board has invited a representative of the MTA to attend a future meeting of the Board to discuss the matter.

With the status of the elected town meeting members whose terms are to expire in 1958 and 1959 now established, Town Clerk James J. Golden announced this week that there are eighty-nine vacancies in the roster of Town Meeting members to be filled by ballot at the coming Town Election on March 4, 1957.

Of these, eighty-one are regular seats of members whose three-year term expires in March — one-third of the total of two hundred forty-three.

The remaining eight are for one or two-year unexpired terms caused by resignation, removal from Town or precinct.

#### Three Precincts Complete

Precincts 3, 7 and 14 have candidates enough to fill the vacancies.

Ten names are required on nomination papers to run for Town Meeting Member.

The Golden Text is from Proverbs 16:22: "Understanding is a wellspring of life unto him that hath it."

Is Foot  
Trouble  
Inherited?

This was the topic of a recent article of mine. In the column I stressed the fact that medical science is very definite about the fact that bunions, hammer toes, corns, and callouses are not hereditary. Several leading local chiropodists have taken exception to this statement, and I feel that in the interest of accuracy I must print the fact that I have used definite source material for my statement as I do in all articles when statement of fact is involved.

However medical textbooks do not preclude the possibility of enlarged joints or improperly positioned metatarsal bones at birth creating a susceptibility to bunions through any form of control in later life. In my enthusiasm to stress the serious complications possible through poorly fitted or out-grown footwear, I made the error of quoting an opinion of an author rather than proven fact.

This column is meant to enlighten our many friends relative to the many foot problems met at our fitting stools, not to confuse our work with that of the highly trained foot doctor. Our apologies!

# Stop dreaming... PRICE IT!

The Chieftain costs less than a lot of the "low-priced" cars yet delivers **MORE POWER—MORE WHEELBASE—MORE ROOM!**

Think this big, brawny beauty would fetch a fancy figure? Not the Chieftain. It's made to order for wishful thinkers—priced right down there with the strictly budget jobs! Surprised? You'll be even more so when you look over the long list of premium features in this brilliant newcomer. Under that glamorous garb, for example, is a big, rock-rugged X-member frame, riding solidly atop a whopping 122-inch wheelbase! Cushioning each wheel is Level-Line Ride, Pontiac's new dimension in suspension, bringing you the smoothest, safest ride you've ever known. And up front is the deep-chested new 347 cu. in., 10 to 1 compression ratio Strato-Streak V-8 engine—as sweet a performer as ever came down the pike! So, come on, stop dreaming! Come in and have a look at this big and beautiful automobile's eye-rubbing price! Size it up! We're willing to wager your next step will be into a Pontiac Chieftain!

## Boys' Club Completes Most Successful Season

"The Arlington Boys' Club has just completed the most successful year in its 19 years of providing recreation and guidance for the boys of this community," Director George "Bud" Faulkner said this week.

"Progressive gains in every phase of the Boys' Club movement have proven advantageous to the 1557 boys and young men who registered as dues-paying during 1956," he said. A break down of the membership shows 528 Mid-gets; 614 Juniors; 306 Intermediates, and 109 Seniors. "Certainly \$20.30, the actual cost of providing 'juven-

ile decency' for each individual for the entire year is money well spent, as proven by the low rate of delinquency in our town and the Boys' Club, Park and Police Departments and other youth organizations can be proud of this healthy situation," Faulkner said.

According to Faulkner, the daily attendance is running unusually high — 300 per day. "This may be attributed to the highly efficient staff who instruct the boys in the various activities which include everything from gymnastics to creative art classes. At the Boys' Club, a boy has an op-

portunity to develop his own natural talents and also to create new ones," he said. "As you have probably noticed the majority of our enrollment is between 8 and 13 years of age. In accordance with this high enrollment of younger boys the larger part of our diversified program is geared to this younger age bracket.

"Although we do have many activities for the older young men, it is our belief that if we can instill a good sense of values and morals in our younger boys, a great deal has been accomplished.

"Their future as responsible young men is assured if they live up to these guiding characteristics," he went on.

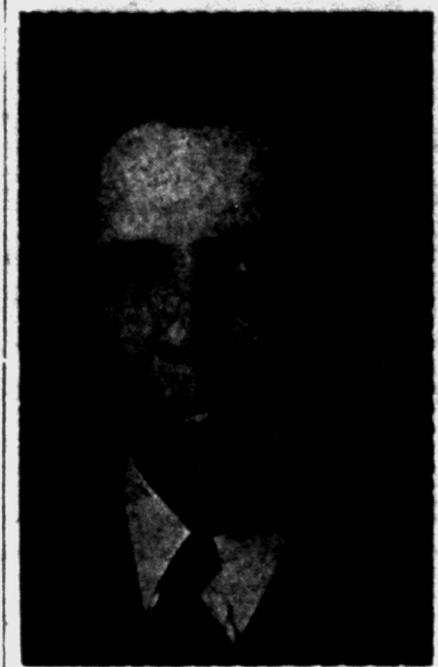

"This preliminary annual report would not be complete if I did not commend the many people and service clubs who are responsible for the success that has been attained during the past year. President Arthur D. Saul, Jr. and the Board of Directors are to be commended for the wonderful job they have done in managing the club during the past year. Their understanding and cooperation are gratefully appreciated.

## Cmdr. Whitney Leaves Antarctica

Cmdr. William F. Flynn of Dedham today relieved a Massachusetts neighbor as commander of this Deepfreeze station on Kainan Bay.

Cmdr. Flynn, Civil Engineer Corp., USN, son of Mrs. Janis J. Flynn of 23 Clark st., Dedham, arrived at Little America aboard the Navy ice-breaker USS Atka and relieved Commander Herbert W. Whitney, USN, husband of Mrs. Grace C. Whitney of 63 Scituate st., who commanded this station and the one at McMurdo Sound during the past Antarctic winter night.

Cmdr. Whitney is expected home in March. He took part in Operation Deepfreeze I (1955-56) during which bases were built at

Little America and at Hut Point on McMurdo Sound.

This year Cmdr. Flynn will be participating in Operation Deepfreeze II, (1957-58) when additional bases will be erected at the South Pole, in Marie Byrd Land, on the Knox Coast, on the Weddell Sea and at Cape Adare.

Operation Deepfreeze is a four-year program of naval support for American scientists who will make earth science studies in the Antarctic during the International Geophysical Year 1957-58.

When surface ships left Antarctica early in 1956, 166 Americans remained behind under the command of Cmdr. Whitney, 93 at McMurdo Sound and 73 at Little Amer-

ica. They have been erecting a base on the polar plateau at the South Pole during the past three months.

The purpose in leaving wintering over parties at the two completed bases last March was to accomplish as much work as possible during the interim period when daylight first comes to Antarctica in late September and the time when supply ships can begin to penetrate the ice pack in November and December.

Cmdr. Flynn will command the specially trained battalion of Seabees who are charged with erecting stations on the Knox Coast, Weddell Sea and Cape Adare.

TV NOTES

by Bill Parkins

"The best laid plans" . . . it isn't often that it happens, but last Sunday's Chevy Show which featured three of the greats of show business had to be bailed out of the doldrums by a relatively unknown performer.

Dinah Shore, Perry Como and Art Carney seemed to be fighting each other in the dullness department for the first half of the show. Then Stubby Kaye came along and picked them up to the point where they were supposed to have been.

Stubby started the revival session with a bouncing rendition of "Jubilation Ti Cornpon" and then teamed up with Art in another bright ditty. This seemed to inspire Dinah and Perry as they then proceeded to do what was expected of them.

Motto: Always back up the top names with some new talent . . . just in case.

COFFEE THOUGHTS

I wonder if Janet Blair is getting that left out feeling each week on Sid Caesar's Show. Pat Carroll does more routines than Janet . . . and is a much more talented comedienne.

I often try to visualize Giselle MacKee in the co-star role with Sid. How 'bout you? He had a chance to get her and he blew it . . . I'll bet he's kind of sorry at times.

WATCH FOR

A filmed interview with Ingrid Bergman on Steve Allen's Show Sunday night . . . Wonder how Mr. Sullivan goes that one?

The Saturday Spectacular on Ch. 4 at 9 p.m. will feature Jerry Lewis in his first big show since the split with Dean Martin.

## Red and Gray Sextet Retain Lead Despite 1-1 Draw With Stoneham

Arlington high school's undefeated hockey team was held to a 1-1 tie by Stoneham Friday night at the Arena, but stubbornly clung to its one point lead on first place.

Coach Eddie Burns' Red and Gray six came from behind on the wings of a Bob Bowser goal midway in the second period.

Many spectators thought that Arlington should have had at least three more goals.

But Stoneham, now the spoiler of the G.B.L., was definitely up for the game. Capt. Tom Treacy, Stoneham net minder, was sensational in holding Arlington to one tally.

In four previous starts, the

locals had averaged six goals. Arlington's Tommy Apprille came up with some scintillating saves in his own right, thwarting at least two sure-fire tallies in the third period.

Stoneham jumped off to a quick lead in the first stanza when Dick Peabody caught the corner, just inside the post.

Then, after being held scoreless for 15 minutes, Bob Bowser, the league's leading scorer, took a neat feed from Jack Aiken at center ice, went in alone and fired a beauty from 20 feet out.

The third period was wild but both goalies turned in fine performances.

Belmont's loss to Newton,

coupled with a Melrose victory over Medford, left Arlington in first place with a one point lead over both Melrose and Belmont.

The summary: Arlington (1) — Goal, Apprille; Defense, Brennan, Burns; Forwards, Limerick, Cronin, Staffon, Aiken, Bowser, Mahoney, Faiola. Goals—Peabody, Bowser. Saves—Tracy 15; Apprille 9.

## Melrose Meets HS Six Saturday In Vital Clash

First place in the Greater Boston Interscholastic hockey league will be at stake Saturday when Arlington clashes with Melrose.

The locals lead the league with Melrose and Belmont a scant one point behind.

Paced by Jim Crosby, probably the best goalie in the league, Melrose has lost only to Belmont.

As usual the Red Raiders will field a team of fine skaters, most of whom are returnees from last year.

Arlington, on the other hand, is the highest scoring team in the loop.

Coach Eddie Burns said yesterday that his team will be at full strength for the vital clash.

Arlington's last game before the playoffs will be with Belmont next week.

## AHS Five Bows To Rindge 56-55

Two foul shots in the last four seconds gave Rindge Tech a thrilling 56-55 victory over the Arlington high school basketball team at Cambridge Friday night.

The game was wide open from the opening whistle. With only a few seconds to go, Joe Skenderian gave the locals a 55-54 lead by dumping two foul throws.

But with only four seconds remaining, Paul Flanagan of Rindge was fouled and he calmly dunked both shots for the victory.

Once again, it was one man who ruined the Red and Gray. Bill Washington, 6-5 Rindge

center, threw in 13 buckets and five foul shots for 31 points.

For Arlington, Joe Skenderian scored 14 points with Jay Donovan racking up 12.

Arlington used a zone defense in an effort to stop the fast breaking Rindge five, but to no avail. Rindge plays a "You shoot — we shoot" style which is almost unstopable.

Once again little Bobby Mattola substituted at guard and came through with six points.

Rindge led 17-14 at the end of the first period and 28-27 at the half. Arlington tied the score 40-40 at the end of three stanzas.
